

Attention: Validation of bank account details while adding bank account as non core amendment

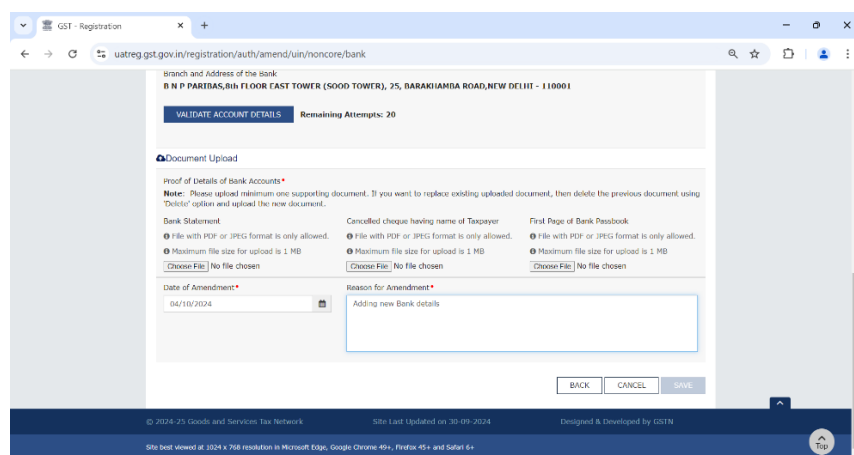

Dear Taxpayer,

GSTN has implemented a validation process for cases where a taxpayer attempts a non-core amendment to update bank type account details. Taxpayers are requested to follow the procedure outlined below while adding bank account details on the portal.

- (I) When the bank account details are entered, the taxpayer is required to click on **“VALIDATE ACCOUNT DETAILS”** button.

- (II) Prior to clicking the "Validate Account" button, the "Save" button at the bottom of the screen as shown remains disabled.

(III) The "Save" button will become active only after the "Validate Account Details" button is clicked.

The screenshot shows a web browser window with the URL `uatreg.gst.gov.in/registration/au/iv/amend/ain/honore/bank`. The page title is "Validate Account Details" and it shows "Remaining Attempts: 19". A warning message states: "The bank account details will be validated, and the validation status will be shown under My Profile >> Basic Account Validation Status. Please proceed and submit the basic account details." Below this is a "Document Upload" section with a note: "Please upload minimum one supporting document. If you want to replace existing uploaded document, then delete the previous document using 'Delete' option and upload the new document." There are three document upload categories: "Bank Statement", "Cancelled cheque having name of Taxpayer", and "First Page of Bank Passbook". Each category has a file selection button and a note: "File with PDF or JPEG format is only allowed." and "Maximum file size for upload is 1 MB". There are also "Cancel" and "Close (X)" buttons for each category. At the bottom, there is a "Date of Amendment" field with the value "04/10/2024" and a "Reason for Amendment" field with the text "Adding new bank details". At the very bottom, there are "BACK", "CANCEL", and "SAVE" buttons.

Thanks,
Team GSTN
