Chapter II - Prudential Norms applicable to all NBFCs

A. Prudence in Lending and Consumer Education

15. An NBFC shall comply with the following instructions in respect of all loans sanctioned on or after December 31, 2021:
 - (1) The exact due dates for repayment of a loan, frequency of repayment, breakup between principal and interest, examples of dates of classification as special mention account (SMA) / non-performing asset (NPA), etc. shall be clearly specified in the loan agreement.
 - (2) The borrower shall be apprised of the same at the time of loan sanction and also at the time of subsequent changes, if any, to the sanction terms / loan agreement till full repayment of the loan.
 - (3) In cases of loan facilities with moratorium on payment of principal and / or interest, the exact date of commencement of repayment shall also be specified in the loan agreements.
16. In case of loans sanctioned before December 31, 2021, compliance to the instructions in paragraph 15 shall be ensured as and when such loans become due for renewal / review.
17. An NBFC shall implement the following instructions to increasing awareness among the borrowers:
 - (1) place consumer education literature on its websites, explaining with examples, the concepts of date of overdue, SMA and NPA classification and upgradation, with specific reference to day-end process;
 - (2) consider displaying such consumer education literature in its branches by means of posters and / or other appropriate media;
 - (3) ensure that front-line officers educate borrowers about all these concepts, with respect to loans availed by them, at the time of sanction / disbursal / renewal of loans.
18. An NBFC shall flag a borrower account as overdue, if so, as part of their day-end processes for the due date, irrespective of the time of running such processes.

19. Similarly, classification of borrower accounts as SMA as well as NPA shall be done as part of day-end process for the relevant date and the SMA or NPA classification date shall be the calendar date for which the day end process is run. Thus, the date of SMA / NPA shall reflect the asset classification status of an account at the day-end of that calendar date.

Illustration I: If due date of a loan account is March 31, 2021, and full dues are not received before the NBFC runs the day-end process for this date, the date of overdue shall be March 31, 2021. If it continues to remain overdue, then this account shall get tagged as SMA-1 upon running day-end process on April 30, 2021 i.e. upon completion of 30 days of being continuously overdue. Accordingly, the date of SMA-1 classification for that account shall be April 30, 2021.

Similarly, if the account continues to remain overdue, it shall get tagged as SMA-2 upon running day-end process on May 30, 2021 and if continues to remain overdue further, it shall get classified as NPA upon running day-end process on June 29, 2021.

B. Asset Classification

20. The instructions in paragraphs 21 to 27 shall not apply to the microfinance loan portfolio of a NBFC-MFI.
21. An NBFC shall, after taking into account the degree of well-defined credit weaknesses and extent of dependence on collateral security for realisation, classify its lease / hire purchase assets, loans and advances and any other forms of credit into the following classes: (i) Standard assets; (ii) Sub-standard assets; (iii) Doubtful assets; and (iv) Loss assets. The above asset classification shall also follow the requirements contained in the [Reserve Bank of India \(Non-Banking Financial Companies – Resolution of Stressed Assets\) Directions, 2025](#) for cases of resolution of stressed loans and advances.
22. The class of assets referred to in paragraph 21 shall not be upgraded merely as a result of rescheduling, unless it satisfies the conditions required for the upgradation as laid out in the [Reserve Bank of India \(Non-Banking Financial Companies – Resolution of Stressed Assets\) Directions, 2025](#).

23. Asset classification shall be borrower-wise and not facility-wise. All the facilities granted by an NBFC to a borrower and investment in all the securities issued by the borrower shall have to be treated as NPA / Non-Performing Investment (NPI) and not the particular facility / investment or part thereof which has become irregular.
24. Loan accounts classified as NPAs may be upgraded as 'standard' asset only if entire arrears of interest and principal are paid by the borrower.
25. In case of borrowers having more than one credit facility, loan accounts shall be upgraded from NPA to standard asset category only upon repayment of entire arrears of interest and principal pertaining to all the credit facilities.
26. With regard to upgradation of accounts classified as NPA due to restructuring, non-achievement of date of commencement of commercial operations (DCCO), etc., the instructions contained in the [Reserve Bank of India \(Non-Banking Financial Companies – Resolution of Stressed Assets\) Directions, 2025](#) shall be applicable in addition to compliance with these directions.
27. The asset classification and provisioning requirements in respect of transactions involving transfer of loans shall be as per the [Reserve Bank of India \(Non-Banking Financial Companies – Transfer and Distribution of Credit Risk\) Directions, 2025](#).

C. Provisioning Requirements

28. The provision towards standard assets need not be netted from gross advances but shall be shown separately as 'Contingent Provisions against Standard Assets' in the balance sheet.
29. An NBFC (excluding microfinance loan portfolio of a NBFC-MFI) shall, after taking into account the time lag between an account becoming non-performing, its recognition as such, the realisation of the security and the erosion over time in the value of security charged, make provision against sub-standard assets, doubtful assets and loss assets.
30. Project Finance

(1) For *project* finance exposures, an NBFC shall maintain a general provision at the following rates for the funded outstanding on a portfolio basis:

	Construction Phase (in per cent)	Operational Phase – <u>after</u> commencement of repayment of interest and principal (in per cent)
CRE	1.25	1.00
CRE-RH	1.00	0.75
All others	1.00	0.40

(2) For *accounts* which have availed DCCO deferment and are classified as 'standard', an NBFC shall maintain additional specific provisions as per the [Reserve Bank of India \(Non-Banking Financial Company – Resolution of Stressed Assets\) Directions, 2025.](#)

(3) The provisions stipulated in sub-paragraphs (1) and (2) above shall not be applicable for projects where financial closure has been achieved as on October 1, 2025, and *such* project loans shall continue to be guided by the prudential guidelines prevailing before October 1, 2025 for the purpose of provisioning, which otherwise shall be treated as repealed.

(4) Notwithstanding sub-paragraph (3), in case of any resolution of a fresh credit event and / or change in material terms and conditions in the loan contract in such projects, subsequent to October 1, 2025, the provisions stipulated in sub-paragraphs (1) and (2) above shall apply to these projects as if these were sanctioned post October 1, 2025.

31. Provisioning norms for liquidity facility provided for securitisation transactions – The amount of liquidity facility drawn and outstanding for more than 90 days, in respect of securitisation transactions undertaken in terms of the [Reserve Bank of India \(Non-Banking Financial Companies – Securitisation Transactions\) Directions, 2025](#), shall be fully provided for.

32. The provisioning requirement for NPAs (excluding microfinance loan portfolio of NBFC-MFI) in respect of loans, advances and other credit facilities including bills purchased and discounted as well as project loans shall be as under:

- (1) Sub-standard assets – A general provision of ten per cent of total outstanding shall be made.
- (2) *Doubtful Assets:*
 - (i) 100 per cent provision to the extent to which the advance is not covered by the realisable value of the security to which the NBFC-BL has a valid recourse shall be made. The realisable value is to be estimated on a realistic basis;
 - (ii) In addition to (i) above, depending upon the period for which the asset has remained doubtful, provision to the extent of 20 per cent to 50 per cent of the secured portion (i.e. estimated realisable value of the outstanding) shall be made on the following basis:

Period for which the asset has been considered as doubtful	Provision (in per cent)
Up to one year	20
One to three years	30
More than three years	50

- (3) Loss Assets – The entire asset shall be written off. If the assets are *permitted* to remain in the books for any reason, 100 per cent of the outstanding shall be provided for.

33. The provisioning requirements in respect of hire purchase and leased assets shall be as under:

- (1) In respect of hire purchase assets, the total dues (overdue and future *instalments* taken together) as reduced by the following components shall be provided for.
 - (i) the finance charges not credited to the profit and loss account and carried forward as unmatured finance charges;
 - (ii) the depreciated value of the underlying asset.
- (2) For the purpose of sub-paragraph (1), the depreciated value of the asset shall be notionally computed as the original cost of the asset to be reduced by depreciation at the rate of 20 percent per annum on a

straight-line method. Also, in the case of second-hand asset, the original cost shall be the actual cost incurred for acquisition of such second-hand asset.

(3) In respect of hire purchase and leased assets, additional provision shall be made as under:

(i)	Where hire charges or lease rentals are overdue up to 12 months	Nil
(ii)	Where hire charges or lease rentals are overdue for more than 12 months up to 24 months	10 per cent of the net book value
(iii)	Where hire charges or lease rentals are overdue for more than 24 months but up to 36 months	40 per cent of the net book value
(iv)	Where hire charges or lease rentals are overdue for more than 36 months but up to 48 months	70 per cent of the net book value
(v)	Where hire charges or lease rentals are overdue for more than 48 months	100 per cent of the net book value

(4) On expiry of a period of 12 months after the due date of the last instalment of hire purchase / leased asset, the entire net book value shall be fully provided for.

(5) The amount of caution money / margin money or security deposits kept by the borrower with the NBFC in pursuance of the hire purchase agreement may be deducted against the provisions stipulated in sub-paragraph (1) above, if not already taken into account while arriving at the equated monthly instalments under the agreement.

(6) The value of any other security available in pursuance to the hire purchase agreement shall be deducted only against the provisions stipulated under sub-paragraph (3) above.

(7) The amount of security deposits kept by the borrower with the NBFC in pursuance to the lease agreement together with the value of any other security available in pursuance to the lease agreement shall be deducted only against the provisions stipulated under sub-paragraph (3) above.

(8) Income recognition on and provisioning against NPAs are two different aspects of prudential norms and provisions as per the norms are required to be made on NPAs on total outstanding balances including the depreciated book value of the leased asset under reference after

adjusting the balance, if any, in the lease adjustment account. The fact that income on an NPA has not been recognised shall not be taken as reason for not making provision.

(9) All financial leases written on or after April 1, 2001 shall attract the provisioning requirements as applicable to hire purchase assets.

34. An NBFC required to comply with Indian Accounting Standards (IndAS) shall hold impairment allowances as required by Ind AS. In parallel, the NBFC shall also maintain the asset classification and compute provisions as per these Directions including standard asset provisioning, borrower / beneficiary wise classification, provisioning for standard as well as restructured assets, NPA ageing, etc., which shall act as the prudential floor for provisioning requirements.

35. Where impairment allowance under Ind AS 109 is lower than the prudential floor, the NBFC shall appropriate the difference from their net profit or loss after tax to a separate 'Impairment Reserve'. The balance in the 'Impairment Reserve' shall not be reckoned for regulatory capital. Further, no withdrawals shall be permitted from this reserve without prior permission from the Department of Supervision, Reserve Bank of India.

36. The appropriation specified in paragraph 35 shall be considered for the computation of the prudential floor, but shall not be reckoned for calculating net NPAs.

C1. ¹[Provisioning for portfolios covered by Default Loss Guarantee (DLG) arrangements

36A. For loan portfolios covered by Default Loss Guarantee (DLG) arrangements in terms of Chapter III of the [Reserve Bank of India \(Non-Banking Financial Companies – Credit Facilities\) Directions, 2025](#) and Part B of the [Reserve Bank of India \(Non-Banking Financial Companies – Transfer and Distribution of Credit Risk\) Directions, 2025](#) both dated November 28, 2025, an NBFC may consider the DLG for determining provisions under the Expected Credit Loss framework across all stages, subject to the requirements as laid down under Indian Accounting

¹ Inserted w.e.f from February 13, 2026 vide [Reserve Bank of India \(Non-Banking Financial Companies – Income Recognition, Asset Classification and Provisioning\) Amendment Directions, 2026 dated February 13, 2026](#).

Standards, which inter alia require the DLG arrangement to be integral to the contractual terms of the loan and the DLG not being recognised separately.

- 36B. An NBFC shall comply with the disclosure requirements as prescribed under IndAS 1.
- 36C. Since upon every event of invocation of DLG, the DLG cover reduces to the extent of invocation, an NBFC shall recompute their ECL provisioning requirements across stages, after duly adjusting for the reduced DLG cover.]

D. Income Recognition

37. The income recognition shall be based on recognised accounting principles.
38. Income including interest / discount / hire charges / lease rentals or any other charges on NPA shall be recognised only when it is actually realised. Any such income recognised before the asset became non-performing and remaining unrealised shall be reversed.
39. In cases of loans where moratorium has been granted for repayment of interest, income may be recognised on accrual basis for accounts which continue to be classified as 'standard'. This shall be evaluated against the definition of 'restructuring' provided in [Reserve Bank of India \(Non-Banking Financial Companies – Resolution of Stressed Assets\) Directions, 2025](#).
40. If loans with moratorium on payment of interest (permitted at the time of sanction of the loan) become NPA after the moratorium period is over, the capitalized interest corresponding to the interest accrued during such moratorium period need not be reversed.
